SUMMARY

A self driven Junior web developer who specializes in front-end development but also has experience with back-end development. Who is highly communicative while collaborating with others or working independently. Tenacious when approaching programming challenges or working with new technology. Looking to join and contribute to a company that values growth and continued learning.

TECHNICAL SKILLS

Languages: HTML, CSS/Bootstrap, JavaScript/Jquery, Node.js, React.js, HandleBars.js, Express.js, MySQL/Sequelize, Mongo/Mongoose, FireBase

Applications: Cookbook, Word Guess Game, RNG Matching Game, Trivia Game, Gifs and Movies, Train Schedule, Node Terminal Api Calls, Node Terminal database online store, Friend-Finder, Burger CRUD, News Web Scraper, Memory Game, Trip Planner

PROJECTS

Cookbook | https://github.com/TannerGalloway/Cookbook | https://worldwide-cooking.herokuapp.com/

- This app displays various meals from around the world for users to view and get detailed instructions and ingredients about the dish that they selected. If a user is unsure of a recipe they would like there is a categories tab that help navigate them to a recipe they would like.
- I worked on the front-end design of the webpage allowing users to have an easy time navigating.
- HTML, CSS, JS, JSX, ReactJS, Bootstrap and Node.js were all used in the creation of this app.

Trip Planner | https://github.com/TannerGalloway/Are-We-There-Yet | https://lychee-sundae-50558.herokuapp.com/

- This app displays detailed directions and Road/Aerial/Streetside views of the best route map according to distance, time, and tolls. It also displays a list of local events for a searched city
- I worked on the front-end design of the webpage allowing users to have an easy time navigating.
- HTML, CSS, JS, JSX, ReactJS, Reactstrap, Node.js, Express, MongoDB and Mongoose were all used in the creation of this app.

Trivia Game | https://github.com/TannerGalloway/TriviaGame |
https://tannergalloway.github.io/TriviaGame/

- This is a trivia game that gives you 10 questions and 30 seconds to choose and answer. You will be told if you are correct or not as well as given the correct answer. When you are finished you are given your score and the ability to restart.
- I worked on the front-end design and functionality of the webpage
- HTML, CSS, JS, were all used in the creation of this app.

EXPERIENCE

AZ Natural History Museum
Mesa, AZ
Greeting Visitors, supervised Gold Panning / Dig Pit Area, Provide Visitors with the necessary tools and information for this area of the museum.

Feed My Starving Children
Mesa, AZ
Assisting other volunteers in filling bags with chicken, veggies, soy, rice and sealing bags closed and help prepare the bags for shipment for underprivileged children around the world.
